FINTECH

Ignatica

Website <https://www.ignatica.io>

Fundraising Stage Seed

Location Hong Kong

Founder Manuel San Miguel

Short description Ignatica is a digital insur-tech platform. Their solutions include a product configuration engine that enables insurers to build and launch fully API-enabled products in hours; a digital policy administration system for self-service and intelligent automation; a digital on-boarding and broker solution, as well as an integrated analytics solution.

Food Market Hub

Website <https://foodmarkethub.com>

Fundraising Stage Series A

Location Malaysia

Founder Shayna Teh

Short description Food Market Hub is an end-to-end procurement management platform that automates all back-end operations to connect restaurants to their suppliers to achieve better food cost and minimise wastage while providing seamless communication & payment option, eventually financing to the underserved segment to complete the F&B ecosystem.

DEEP TECH

VoiceAI Technologies Co., Ltd

Website <https://www.voiceaitech.com>

Fundraising Stage Series A

Location Mainland China

Founder Kevin Li

Short description VoiceAI Technologies is an innovative AI company, focusing on speech analysis. It owns a full stack of acoustic and speech processing technologies, which is dedicated to activating and reconstructing the value of speech data, while helping our customers to improve the capability of risk control, compliance management and marketing.

Open Ocean Engineering Limited

Website <https://www.clearbot.org>

Fundraising Stage Seed

Location Hong Kong

Founder Sidhant Gupta

Short description Open Ocean Engineering has ambitions of creating the world's largest infrastructure for marine services. With a vision to become the 'Tesla of boats', Open Ocean is pioneering the global transition towards a net-zero marine future.

HEALTHCARE

VastBiome Limited

VastBiome™

Website <http://www.vastbiome.com>

Fundraising Stage Series A

Location Hong Kong

Founder Kareem Barghout, Peter McCaffrey, Ayin Vala

Short description VastBiome is a DNA-first drug discovery company mapping the human gut microbiome in pursuit of novel medicines for cancer and autoimmune disease.

VastBiome's discovery platform leverages rich metagenome sequencing, cell-free expression, and artificial intelligence to identify potent natural compounds and to scale and extend those products through synthetic biology.

Gense Technologies

gense

Website <https://www.gensetechnologies.com>

Fundraising Stage Series Pre-A

Location Hong Kong

Founder Justin Chan

Short description Gense offers an affordable and portable self-help medical imaging device for the early detection and management of some of the world's costliest liver, lung and kidney diseases. Developed as a home-based medical imaging modality to assist telemedicine, the imaging scan is powered by cloud-based machine learning algorithms and can be self-administered by users who have no substantive operative training.

QuantumTX Pte Ltd

QUANTUMTX

Website <https://www.quantumtx.com>

Fundraising Stage Series Pre-A

Location Singapore

Founder Ivan Goh

Short description QuantumTX provides magnetic mitohormesis: a safe and gentle way to activate muscles and their mitochondria powerhouse without physical stress or strain. Its devices enable seniors and recovering persons to recover better from injuries, and bring about additional exercise benefits like improved fitness, mobility, health and better quality of life.

SUSTAINABILITY

Grand Rise Technology Limited

Website N/A

Fundraising Stage Series Pre-A

Location Hong Kong

Founder Fung Tenny Lam

Short description Grand Rise Technology focuses on biomaterials-based coating applications to provide greener and safer materials for a sustainable environment. The technology based on patented core-shell particle technology platform InnoCoatex™, enables a new class of amphiphilic core-shell nanoparticles for a wide range of applications such as antimicrobial coating and fruits shelf-life extension.

Carbon Infinity

Website <https://www.carboninfinity.com>

Fundraising Stage N/A

Location United Kingdom

Founder David Izikowitz, Prof. Jia Li

Short description Carbon Infinity is developing a climate technology known as 'direct air capture' removing carbon dioxide directly from the atmosphere. Carbon Infinity stores this CO2 durably as a carbon removal solution, as well as developing carbon-neutral synthetic petrochemicals and fuels for long-distance transportation to de-fossilise impossible-to-decarbonise sectors for a net-negative economy.

ART TECH

Designie

Website <https://www.designie.io>

Fundraising Stage N/A

Location Hong Kong

Founder Long Hei Chan

Short description Take the guesswork out of great designs. Designie is a design assistant that detects errors and suggests improvements for social media graphics, allowing designs to deliver what they really mean. Its detection covers a wide range of visual components involving composition, hierarchy, typography and colour.

JUMPSTARTER 2022 AT A GLANCE

Alibaba Hong Kong Entrepreneurs Fund

Alibaba Hong Kong Entrepreneurs Fund ("AEF") is a non-profit initiative launched by Alibaba Group in 2015. To vitalize the development of innovation and technology, AEF's mission is to help Hong Kong entrepreneurs and young people realize their dreams and visions for a Hong Kong that is vibrant and engaged regionally and globally. As part of its investment program, AEF provides Hong Kong-based entrepreneurs with investment capital and strategic guidance to help them grow their businesses and penetrate the mainland Chinese and global markets, by utilizing Alibaba's Ecosystem. From 2020, AEF has also strengthened its commitment to youth entrepreneurship with a brand new initiative – "AEF GO-GETTER!". The program is made to educate and encourage Hong Kong students from secondary schools and universities to pursue entrepreneurship by putting practice over theory and providing early visionaries with business fundamentals, global perspectives and networking opportunities. For more information, please go to the website: <https://www.ent-fund.org>

JUMPSTARTER Global Pitch Competition

JUMPSTARTER is a not-for-profit initiative created by AEF that provides a platform for all entrepreneurs and young people to jump start their dreams in Hong Kong. This one-of-a-kind annual startup event has been organized since 2017 by AEF to celebrate young entrepreneurs from across the globe. The competition gives participants a shot at turning today's business ideas into tomorrow's reality with funding, networking and prizes. For more information, please go to the website: <https://www.jumpstarter.hk>
