ABOUT THE TEAM

WHY JUMPSTARTER ZPIRE?

- Why does your team want to participate in the ZPIRE?
- How does it align with your team's aspirations?

TEAM DYNAMICS

- How will your team collaborate during the competition?
- What unique strengths do members bring, and how do these complement each other?

TEAM EXPERIENCE

- Describe any prior experience your team has with AI technology, coding, or related projects
 (e.g., hackathons, class projects, or personal initiatives).
- If your team has no prior experience, describe what proactive steps you will take (e.g., self-learning) to bridge the gap with teams that have relevant skills. Students with no prior experience are encouraged to apply.

PROPOSE YOUR TECH-DRIVEN WELLNESS SOLUTION

Students are invited to propose a technology-driven solution addressing a real-world wellness challenge in Hong Kong. In teams, you will identify a specific wellness problem and develop an innovative idea, outlining your approach even if you have no prior coding experience. Include your proposed solution, the intended users, and your development strategy.

Feel free to select a topic that inspires your team or propose your own wellness-related challenge.

SUBMISSION GUIDELINES

Submission Details:

- Slide Count: Max 5 slides (excluding any optional title or reference slides)
- File Format: PDF only
- Content: Address all required content as specified in the reference materials
- o Template: Teams may select any professional template of their choice

Please ensure your submission conforms to these guidelines to facilitate an equitable and efficient review process.

APPLICATION DEADLINE: OCTOBER 5, 2025, 23:59 HKT
